COOLING TECHNOLOGY

This bed features the latest fabric treatments, chosen for their cooling and health-promoting qualities that reduce dust mite allergens and keep your mattress surface clean and fresh, the natural way.

2 CLIMATE CONTROL AND BREATHABILITY

Cover fabric with cool-to-the-touch technology helps promote a comfortable sleeping environment.

EARTH FRIENDLY

Sealy is committed to supporting healthy life and a healthy planet.

Our beds are made from raw materials that are sustainably sourced, free from harmful chemicals, and contain elements made from recycled products.

3 ALLERGEN PROTECT™
Protects the mattress from common allergens, such as dust mites, helping it stay fresh and healthy.

4 MOISTURE PROTECT™
Cover fabric designed to draw moisture away from your body during the night, helping to keep you more comfortable.

5 ZONE SUPPORT
High density foam centre provides power-packed body support in the centre third of the mattress, reducing body impressions and providing additional support to the lower back allowing muscles to relax and recover.

6 PRESSURE RELIEVING FIRM FOAMS
Coolsmart™ GEL Memory Foam layer regulates body temperature and offers conforming comfort. Cooler than ordinary foam and more targeted body support via micro-support Gel bead action.

7 DURAFLEX™ FOAM ENCASED EDGE SUPPORT
High density foam encased border, surrounds and supports the edge of the spring system, for stability and increased usable sleeping area and improved durability of the sleep set.

8 EXCLUSIVE BODY SENSE POCKET SYSTEM
with individually encased coils that conform to your body posture, minimizing motion transfer.

9 ADJUSTABLE POWER FOUNDATION
The Hybrid range is compatible with the Sealy Adjustable Power Foundation.
